July 10, 2020

Dear Vine Haven School Family,

As a memorable 2019-2020 school year has recently concluded, it has been more than just the usual school year in due to the pandemic. We praise God for the character of adaptation. We thank you, our parents and students, for your continued patience and perseverance as we transitioned to our emergency remote learning. We are humbled by the extra effort, diligence and passion our teachers have invested in continuing to prepare our students for heaven and earth.

As we look to our future, we have identified a word, that is recently relevant to all of us. That word is uncertainty. It is a real and normal human feeling that we wish to acknowledge for the disruptive power it holds, however, we also know that our God is bigger than uncertainty. He is bigger than anything that is unknown or that gives us fear. You can be confident to know that we are continuing to focus our time and energy in preparing for the quality education of your student.

We have established a Safety Taskforce, a team of educational and medical professionals, who will be responsible for providing infectious disease guidance for the day-to-day use of the classrooms, hallways, etc, recommendations on social, emotional and mental health of students. Our goal will be to provide a healthy and safe learning environment at our school.

For the 2020-2021 school year, we are planning (as best as we can) to work through the summer to be prepared for multiple scenarios which include, the ideal (as close to normal as possible), the hybrid (blended learning-some face to face and some online learning), as well as online instruction. We will be intentional to keep you updated as this unpredictable situation manifests.

Students who are registered for the 2020-2021 school year are able to at no additional cost participate in the STEM Virtual Summer Camp. We are excitedly working to provide you with added value with this educational solutions to keep your child engaged in exploring through the fundamental of coding.

We value your partnership in making Christian education a priority as well as an investment for your family. We trust that your family does not change their mind about enrollment at Vine Haven Adventist School. Your good faith communication and cooperation is a commitment to us that you intend for your child to be enrolled at Vine Haven Adventist School. Our school makes employment, resource allocation and classroom preparation decisions in July. Your participation in our enrollment system is what sustains our school's viability. We are here to assist you in navigating any part of the enrollment process, if you have concerns regarding tuition and/or financial aid, please contact Ivannia Gonzalez at 609-892-4942 or by email at treasurer@vhas.org. Please be reminded that it is easier for us to help sooner rather than later.

At the center of everything we do is vision, mission and quality! No matter what changes the future brings, we assure you of our intent to be ready for education of your student providing exceptional service and concrete outcomes. Ephesians 3:20 reminds us that, "God can do anything, you know—far more than you could ever imagine or guess or request in your wildest dreams!"

Sincerely,

Mrs. Gabriel

Principal/Development Director

P.S. Please continue your fervent prayers for our school. God bless!
